AN ORDINANCE TO AMEND AND SUPPLEMENT CHAPTER 26, SECTION 4 OF THE REVISED ORDINANCES OF THE TOWN OF BLOOMFIELD, AND DECIGNATING "THROUGH STREETS" IN THE TOWN OF BLOOMFIELD.

(Traffic -Through Streets -Orange Street)

which title was read by Mr. Lintott, and on motion of Mr. Lintott, seconded by Mrs. Jewkes, same was passed on first reading by the following vote: Messrs. Lintott, (Mrs.) Jewkes, Steinmann, Russoman, Fisher, Spriano and Scott voting Payer.

The Town Clerk read the following entitled ordinance in full on final reading:

AN ORDINANCE TO CREATE AND TO ESTABLISH A MOTION PICTURE ADVISORY BOARD IN THE TOWN OF BLOOMFIELD, N.J.

Mayor Scott asked if there were any objections to the ordinance just read by the Clerk.

Reverend George R. Cox, 67 Park Place, remarked that the proposed ordinance did not specify the qualifications of the personnel who would serve on the Board and he was concerned that unqualified persons might be selected.

Reverend Cox remarked that he was in favor of the intent of the ordinance, but felt the ordinance was not realistic, in view of the fact that there were only two theatres in Town. Reverend Cox remarked that the Board's power to suspend or revoke a license made it more powerful than merely an advisory board.

Mr. David H. Wiener, an attorney representing Stanley-Warner Theatres, remarked that the Royal Theatre had operated in Bloomfield for twenty years and had a record that spoke for itself; that the theatre was operated in the best interest of the community; that an indecent picture was never shown in Town by their company; that whenever a municipality disapproved of a movie, the matter was settled between the municipality and the exhibitor.

Mr. Wiener remarked that he advocated greater study of the matter and requested that the Town Council lay over the matter for at least a month in order that he might confer with the ordinance's sponsor.

Er. Steinmann remarked that the Town now had as its a ordinance/stronger regulatory measures then now was being proposed; that the Town Council now has the authority to suspend or revoke a license and that the intent of the proposed ordinance was to provide workable legislation on a cooperative basis.

Mr. Fisher moved that AN ORDINANCE TO CREATE AND TO
ESTABLISH A MOTION PICTURE ADVISORY BOARD IN THE TOWN OF BLOOMFIELD, N.J. be layed over, which motion was seconded by Mr.
Russoman. Roll call vote showed the following: Messrs. Lintott,

Mayor Scott remarked the application of

Joseph Pieretti, Jr. and Marie Pieretti, as applicants and owners, for permission to enclose an existing non conforming use in a building, on a lot known as Map 50, Block 1411, Lot 55 on the 1957 Tax Maps of the Town of Bloomfield (218-228 Sylvan Road)

was now before the Town Council.

Mr. David A. Rappeport, an attorney, appeared representing several objectors to the application.

Mr. Sanford Kirsch, an attorney, appeared representing Mr. Dominick Marconi of 163 Garrabrant Avenue.

Mr. William J. Camerata, an attorney, appeared with Mr. Robert J. Vogel, as counsel for the applicants.

Mayor Scott remarked that the Town Council had received this evening an opinion of the Town Attorney that a recent decision of the Appellate Division of the New Jersey Superior Court (Russell v. Tenafly, \$2 N. J. Law Journal, page 61, January 29, 1959, unofficial report) was dispositive of the application.

Mr. Camerate remarked that the case was not dispositive of the application and that Counsel for the objectors failed to furnish the applicant with timely copies of memorands sent to the Town Council and the laying before the Town Council of the Tenafly case was later than the deadline the Town Council had set for submitting material in connection with the application.

Mr. Rappeport remarked that the memorandum of the objectors forwarded to the Town Council was identical with that furnished the Board of Adjustment (Zoning), with the exception of the inclusion of copies of the Board of Adjustment (Zoning) 1944 resolution. Mr. Rappeport remarked that he had moved before the Board of Adjustment (Zoning) to dismiss the application on the grounds of 'res adjudicata' but the Board had dismissed his motion.

Mr. Camarata remarked that the Town Council was bound by its attorney's opinion. Mr. Camarata further remarked that the Tenafly case did not apply; that the application of his client in 1922 was different from that in 1958 in several respects: size and location of building, lot size and creation of a buffer zone.

Mr. Camarata further remarked that the Zoning Law in 1944 has been changed and his client seeks relief under the law now controlling and that though the decision in the Tenafly case was good law, it did not apply to his client's application.

Mr. Rappeport remarked that the law of 1944 and of 1958 was only "colorably" different and that the Tenafly case was in point.

Mr. Steinmann submitted a letter from the Director of Law-Town Attorney and a resolution from the Board of Adjustment (Zoning) re the application of Joseph Pieretti, Jr. and Marie Pieretti, for permission to erect a new building to enclose non-conforming uses on property known and designated as 218-228 Sylven Road. The letter and resolution were ordered placed on file.

The Town Council called a recess.

The Town Council reconvened.

Mr. Steinmann moved the following resolution be adopted:

WHEREAS, the Board of Adjustment (Zoning) of the Town of

Bloomfield on December 23, 1958 recommended a variance to the

Town Council on the application of Joseph Pieretti, Jr. and

Marie Pieretti, trading as Brookdale Beverage Co. and Town

Council hearing thereon was fixed for February 2, 1959; and

WHEREAS, after the date of the Board of Adjustment (Zoning) hearing and recommendation, and prior to hearing on the date hereof the New Jersey Superior Court, Appellate Division, rendered a

decision (82 N.J. Law Journal, page 61, January 29, 1959, unofficial report) declaring the application of the legal principles of Res Adjudicate and Collateral Estoppel to an application before the Board of Adjustment, that is the subject of litigation in a court of competent jurisdiction, Russell v. Board of Adjustment of the Borough of Tenafly, et al (App. Div. A-531-57); and

WHEREAS, the Town Council is advised that said decision applies to the resolution of the Board of Adjustment (Zoning) of the Town of Bloomfield;

NOW, THEREFORE, BE IT RESOLVED that the Town Council of the Town of Bloomfield does not concur in the recommendation of the Board of Adjustment (Zoning) for a variance for 218-228 Sylvan Road, Bloomfield, for the reason stated in the preemble to this resolution, which motion was seconded by Mrs. Jewkes. Roll call vote showed the following: Nesers. Lintott, (Mrs.) Jewkes, Steinmann, Russoman, Fisher and Scott voting "aye". Mr. Soriano voting "nay".

Mr. Sorismo remarked that he feels that this disposition of the case will invite an appeal and possibly two appeals; that whether the Tenafly case will be upheld is a matter of conjecture; that the Town Council should have heard the case and then if their decision had been the same, their decision would have been founded on both the facts and the law.

There being no further business, on motion of Mrs. Jewkes, seconded by Mr. Soriano, the meeting adjourned.

Mr. Russoman moved that the Town Clerk be authorized to certify to the Essex County Board of Taxation, the Essex County Superintendent of Schools and the Blocafield Board of Education that the sum of \$3,062,720.75 is required to be levied for local district school taxes for the year 1959, which motion was seconded by Mr. Lintott. Roll call vote showed the following: Messrs. Lintott, (Mrs.) Jewkes, Steinmann, Russoman, Fisher and Soriano voting "aye". Mayor Scott absent.

Mr. Soriano submitted a petition from residents of Llewellyn Avenue and Glenwood Avenue, advocating parking on the east side of Cleveland Terrace, between Carteret Street and Llewellyn Avenue, and parking on the south side of Llewellyn Avenue, between Glenwood Avenue and Cleveland Terrace, which petition was ordered placed on file and the matter referred to the Town Administrator for survey and report by the Police Department.

Mrs. Sandra Scheffer, 27 Second Street, appeared representing Watsessing Home & School Association, requesting permission to play a 45 R.F.M. Soundereft Record, which record requested the construction of a sulti purpose room at Watsessing School.

The Town Council granted the permission and following its playing, the record and a transcript of the record were ordered placed on file and the matter referred to the next Council conference agenda.

Mrs. Scheffer remarked that new window shades were not installed in the present Watsessing School Auditorium, because it was indicated that the construction of multi purpose rooms was imminent.

Mrs. Scheffer invited the Town Council to inspect the Auditorium at Watsessing School.

Mrs. Jewkes remarked that some members of the Town Council had visited the Watsessing School last year.

Mrs. Laney L. Quodomine, 14 Fulton Street, remarked that the comedian, Sam Levenson, who was quoted in the record supplied by the Watsessing Home & School Association, was not a taxpayer of the Town of Bloomfield.

Mrs. Quodomine advocated that there be economy in the Budget of the Board of Education and she was opposed to construction of multi purpose rooms and any request advocating the spending of additional monies.

Mr. Louis Pirrello remarked that he advocated that each Ward of the Town of Bloomfield pay taxes according to services rendered that Ward.

Mr. Pirrello remarked that the Second Ward of Bloomfield

has received new schools, but opposes industry in its area; whereas the Third Ward of Bloomfield has to live side by side with industry.

Mr. Pirrello remarked that the Third Ward of Bloomfield is entitled to multi purpose rooms.

Mr. Soriano remarked that it is legally impossible to make tax assessments proportionate to costs of services rendered particular Wards.

Mr. Sorieno further remarked, in rebuttal to previous speakers, that the Town Council had never promised construction of multi purpose rooms and if representations to this effect had been made, they had not been made by the governing body.

Hr. Kenneth Kirby, Jr. remarked that he was Chairman of Bloomfield High School Student Council's Perking Committee and requested the Town Council's reconsideration of parking prohibition adjacent to the High School grounds. The matter was referred to the next conference agends.

Mrs. Sandra Scheffer remarked that the promise of the construction of multi purpose rooms followed the "Columbia Report" and that she did not realize that the Forest Glen School construction had been given precedence over the construction of multi purpose rooms.

Mr. Steinmann remarked that the improvements in the school system were made in the order of the priority given them in the "Columbia Report".

Mr. Steinmenn further remarked that the Town Council suthorized since 1955 an expenditure of five and one-half million dollars and that there had been no decision on the priority in the order of the construction of multi purpose rooms.

Mr. Pirrello remarked that he had inquired of the Tax Assessor as to evaluating homes located next to industry and homes located in a residential area. Mr. Ole Olsen, Tax Assessor, remarked that the building cost determined the assessed valuation.

Mr. George Reilly inquired whether the North Junior High School had priority in the "Columbia Report" over the multi purpose rooms.

Mr. Steinmann remarked that the North Junior High School had priority.

Mr. Lintott submitted the following:

which was ordered placed on file.

Acting Mayor Fisher remarked that we will now proceed with the hearing on the 1959 Budget as advertised.

Mr. Russell Carided, 110 Orange Street, appeared and identified himself as President of the F.M.B.A. and representing 81 Firemen, and remarked that he was dissatisfied with the wage increases granted by the Town Council, that the Town of Bloomfield paid less than all other Towns, with the exception of the City of Newark, and that there were many inequities in the pay scale, and thereupon cited several examples.

Mr. John Loftus, A7 Ketner Street, inquired as to the "mumble jumble" of the previous speaker and a sked for more clarification of the statistics cited.

Acting Mayor Fisher remarked that the statistical information had been previously presented to the Town Council and the governing body understood the figures cited.

There were no other citizens present who wished to object to or speak on any items in the Budget.

Acting Mayor Fisher declared the time on the hearing of the 1959 Budget closed.

Mr. Lintott submitted a Certificate covering the School Budget for the year 1959-1960 which was adopted by the Board of School Estimate. This Certificate was ordered placed on file.

Mr. Lintott moved the following resolution be adopted:

EXPLANATION OF APPROPRIATIONS FOR *OTHER EXPENSES*

The amounts appropriated under the title of "Other Expenses" are for operating costs other than "Salaries and Wages."

Some of the Items included in "Other Expenses" are:

Material, supplies and nonbondable equipment.

Repairs and Maintenance of buildings, equipment, roads, etc.

Contractual services for garbage and trash removal, fire hydrant service, aid to volunteer fire companies, etc.

Utilities, printing and advertising, insurance and many other items essential to the services rendered by municipal government.

The Budget as prepared shows appropriations for Town

Purposes totalling \$3,448,005.47, an increase of \$25,140.35 over

the year of 1958. The increase in the Salary-Wage appropriation

amounts to \$68,401.50 and will provide for permissive pay increments,

some new personnel and a proposed nominal wage adjustment of approxi
mately \$20,000.00 over and above the amount that municipal employees

received in 1958. Other Expenses exceed the 1958 appropriation by

\$16,413.17 and will provide funds to offset higher operating costs

faced by all departments. These higher costs must be met if

municipal services are to be properly maintained and, in several

instances, expanded. Funds are appropriated for the first time to the North Essex Child Guidance Clinic, to the Refuse Joint Committee to assist in preliminary studies and to the Economic Development Committee of Bloomfield. Deferred Charges and Statutory Expanditures, including Capital Esprovements and Debt Services, are less by \$59,674.32 for 1959 and offset the increased appropriations under Salary-Wages and Other Expenses.

Increased appropriations to meet School and County demands further increased the amount to be raised by taxes.

The Reserve for Uncollected Taxes in this Budget is computed at 91.70% and totals \$599,231.08.

By appropriating \$752,000.00 from Surplus Revenue Funds, the amount to be raised by taxation for 1959 is \$7,219,651.64.

The estimated Tax Rate is \$7.85 an increase of \$0.39 per \$100.00 of assessed valuation and is broken down as follows:

Mayor Scott remarked that a Thailand Police Officer, Lt. Ananda Keausyananda, was presently observing our Police Force as part of a two week training course.

The Mayor extended a velcome to the visiting Police Officer on behalf of the Town.

The Town Clerk submitted a letter from the Passaic Valley Severage Commissioners, dated Harch 11, 1959, giving notice of a meeting of that body to be held Wednesday, Harch 18, 1959, at 790 Broad Street, Newark, N. J.

The letter was ordered placed on file.

The Town Clerk submitted ordinances of the Borough of Verona, Town of Montclair, Borough of Glen Ridge and City of East Orange, regarding acquisition, establishment, maintenance and operation of appropriate facilities for disposal of solid waste other than severage, which ordinances have been adopted by the several municipalities.

The ordinances were referred to the Town Attorney.

Mr. Robert E. Darben, 20 Haple Avenue, Montclair, N.J., remarked that he had made application this date to have lots on the south side of Bessida Street, east of Broughton Avenue, which are Town owned, put up for public auction, and that he was renewing this request this evening.

Mayor Scott remarked that Mr. Darben would be advised of the Council's decision. The matter was referred to the staff for review.

Mrs. Laney L. Quodomine, 14 Fulton Street, remarked that she had addressed the Council at its last meeting of March 2, 1959, and she wished to elaborate on her speech of that time.

Mrs. Quodomine remarked at length that she was advocating greater economy in government and, though she be only one voice at this time, she hoped that others would join in her protest against a Steadily increasing tax rate.

Mrs. Quodomine cited many instances nationally of public disapproval of high tax policies.

Mayor Scott remarked that the governing body does not often hear from those who are not advocating greater municipal services.

Mayor Scott further remarked that as one of the fifteen largest municipalities in the State, the Town of Bloomfield has a "real tax rate" next to the lowest.

Mrs. Sandra Scheffer, 27 Second Street, remarked that she was once again advocating the construction of multi purpose rooms and that she was interested in knowing the vote of the individual members of the Council on the matter.

Mr. Richard Shapiro, 58 Cleveland Terrace, inquired as to what the all purpose rooms would cost.

Heyor Scott remarked that the Board of Education estimated the six rooms to cost upwards of \$1,000,000. and that they probably would be bonded over a ten year period at 3-1/2%.

Mr. Shapiro remarked that the expenditure should be bonded over a twenty-five year period and that he estimated that it would amount to a fifteen point tax rate increase and that the cost of this tax rate increase should not continue to "cause us to be second class citizens".

Mr. Steinmann remarked that departmental budgets, as submitted by the Department Heads, are initially reduced by the Town Administrator and subsequently reduced by the Town Council.

Mr. Steinmann further remarked that as one of the fifteen largest municipalities, the Town of Bloomfield was expending more per capita on schools than any of the fifteen largest municipalities.

Mr. Steinmann then cited the following ratios of assessment and tax rates of the following municipalities:

Belleville	36%	\$7.99
East Orange	51%	7.61
Irvington	37%	9.20
Orange	46%	7.75
Nevark	49%	10.20
Bloomfield	34%	7.85

Hr. Harry Porciello, 735 Bloomfield Avenue, remarked that he was opposed to higher taxes.

Hrs. Scheffer remarked that the reason why a greater number of people do not attend budget hearings or other Council sectings is that they are satisfied with the administration of the Town government and that they have faith in their Town Council.

Mr. Lintott submitted the following ordinance on first reading entitled:

Mr. Apter then read the resolution.

Mr. Apter remarked that he realized the legal ramifications of such an ordinance, but he strongly urged that the matter be placed on referendum.

Mr. Anthony Mineo, 35 Bloomfield Avenue, remarked that the dignity of the Town required a Sunday closing ordinance.

Mr. Mineo remarked that it is a pleasure to live in Bloom-field and that the "Two Guys" operation would create a traffic hazard and would not be of any value to the Town; that the voice of merchants should be heard; that the proposed location of the "Two Guys" would become a madhouse; that Sunday should be observed as a day of rest and religious practice.

Mr. Adolph Gruchacz, 37 Essex Avenue, remarked that he had prepared a statement, which statement he read.

Mr. Gruchacz remarked since World War II Catholic Parishes in Town wanted a Sunday closing ordinance, but no interest was expressed by the Town merchants until the "Two Guys" indicated an interest in Bloomfield.

Mr. Gruchacz remarked that the Town Council should exert influences to have the "Two Guys" come to Bloomfield without being open on Sunday, as citizens of the Town were entitled to reasonable discount facilities.

Rev. Paul Collis, Curate, Sacred Heart Church, remarked that he had a prepared statement entitled "Evils of Unrestrained Sunday Shopping", which statement was that of Most Reverend Walter W. Curtis, Pastor of Sacred Heart Church, Bloomfield.

The statement was read and submitted to the Town Council.

Rev. Robert F. Ramm, 20 Park Street, remarked that as the representative of the fourteen Evangelical Ministers of Bloomfield and their respective churches, he had appeared previously on numerous occasions before merchant groups advocating Sunday closing and that he supports an ordinance which would prohibit Sunday opening, because Sunday is a day of rest and religious activity.

Mr. Barry W. Crelin, 82 Golf Road, remarked that the Chamber of Commerce seldom made requests of the Town Council and asked that expeditious action be taken on a Sunday closing ordinance.

Mr. Diran A. Kurk, 225 Liberty Street, remarked that the Kiwanis Club had passed a resolution advocating a Sunday closing ordinance, and that he had received from Esther F. Novick, 190 Grove Street, and the law firm of Joyce & Brown, letters advocating a Sunday closing ordinance.

Mr. Kurk further remarked that the matter was very serious and was one that demanded immediate action.

Mr. Kurk remarked that the Better Business Bureau complaints that have come through his office have, in the main, dealt with highway discount houses and, to the contrary, local merchants have always cooperated to the satisfaction of the citizens when complaints were raised as to their merchandise.

Mr. Mineo remarked that the Town Council had been voted into office by the wishes of the majority of the people in Bloomfield and he felt sure that they would use proper judgment with regard to a Sunday closing ordinance.

Mr. Steinmann remarked that the Economic Advisory Board of the Town of Bloomfield had been attempting to find an industrial tenant for the plant on La France Avenue and the Board was unable to convince the owners of the plant not to let to a retail discount house operation.

Mr. Steinmann further remarked that he was in favor of an ordinance which would close non essential business on Sunday within the framework of legality.

Mayor Scott remarked that the Town Council would give serious consideration to all the remarks made with regard to a Sunday closing ordinance.

The Town Clerk submitted a letter dated April 9, 1959 from the Director of the Division of Alcoholic Beverage Control notifying the Town Council that the Director had preferred charges against the Glen Cocktail Bar, a Corporation, 699-701 Bloomfield Avenue, to be heard on May 8, 1959, at 10:00 A.M., at the Division, 1100 Raymond Boulevard, Newark, N.J.

The letter was ordered placed on file.

Mr. Steinmann moved the Town Council recess, which motion was seconded by Mr. Lintott and carried.

The Town Council reconvened.

Mr. Russoman submitted the following ordinance on first reading entitled:

AN ORDINANCE LIMITING PARKING IN AND ALONG FREMONT STREET, AUSTIN PLACE AND LIBERTY STREET IN THE TOWN OF BLOOMFIELD, CREATING A PARKING METER ZONE THEREIN AND AMENDING AND SUPPLEMENTING CHAPTER 26, SECTION 26, ARTICLE III OF THE REVISED ORDINANCES OF THE TOWN OF BLOOMFIELD.

the purpose of relieving the streams and rivers in such district
from pollution and to provide a plan for the prevention thereof
and providing for the raising, expenditure and payment of moneys
necessary for such purpose; and, there is a board of five members
appointed by the Governor in charge of the administration of the

affairs of such district, although municipalities within the district are required to contribute to the construction of the facilities of the district according to the proportion that the taxable real and personal property of one municipality joining into an agreement bears to the taxable real and personal property of other municipal parties to such agreement, and each municipality is required by law to share the cost of the maintenance of the projects of the district according to the use made thereof; and

WHEREAS, the ability and the efficiency of the Passaic Valley Sewerage Commission as presently composed has been questioned and an examination and study of its composition, management and operation would make it appear that it would be in the best public interest that the Passaic Valley Sewerage Commission should be composed of representatives appointed by the municipalities that pay the cost of the major projects in the district and that share the annual maintenance cost thereof; and

Mr. Steinmann remarked that the Passaic Valley Sewerage Commission was an example of taxation without representation and that, though Bloomfield's share of the operation of the Commission was \$91,000., they had little or no influence and the Commission was unresponsive to the municipalities.

Mayor Scott remarked that he was presently sitting with a Committee of Mayors on the matter in order that legislation might be drafted which would enable each of the participating municipalities to have a voice.

Rev. Robert Ramm, 20 Park Street, remarked that the work of the Bloomfield Fire Department was being misrepresented and their spirit being exploited by a newspaper presently collecting subscriptions on the basis that a portion of each subscription would be contributed to the F.M.B.A. Welfare Fund.

Rev. Ramm further remarked that he had inquired into the percentage of return to the Firemen on each subscription and had found it impossible to obtain the answer from the Fire Department or the newspaper.

Rev. Ramm remarked that he had been informed that the Town Council rather than the Fire Department had authorized this arrangement.

Mayor Scott remarked that the F.M.B.A. had asked the Town Council for permission and that it seemed at the time to be innocuous and there appeared to be nothing illegal or improper about the requested activity.

Rev. Ramm remarked that a subscription sold for \$4.55 with probably pennies being returned to the F.M.B.A. Welfare Fund.

Rev. Ramm remarked that the man who solicited him gave the appearance of being a member of the Fire Department.

Mayor Scott remarked that the Town Council's policy was that no solicitation might be made by the Fire Department in uniform and that the Council would look into the conduct of this solicitation.

Mr. Herman C. Doscher, 195 Sadler Road, remarked that he sold potted plants and that the greater part of his business was done on Sunday and that he advocated that florists be excluded from the provisions of a Sunday closing ordinance.

Mr. Steinmann remarked that it would be well for the florists' organizations to memorialize the Governor of the State of New Jersey, as any ordinance that could be adopted must conform to the provisions of the New Jersey Statutes.

Mr. Sherman Dilley, 161 Willow Street, inquired as to whether minutes were being taken of this evening's meeting and remarked that the time of the Town Council should not be taken up by the making of political speeches and that an individual's character had been assassinated.

Mr. Steinmann remarked that the Town of Bloomfield pays \$91,000. for services rendered by the Passaic Valley Sewerage

Commission and, therefore, the activity of the Commission was of interest to the governing body of the Town of Bloomfield.

Mr. Dilley remarked that there were other individuals who had had questionable performances as Commissioners and that the Town of Bloomfield has the right to comment on the action of the Commission but not the action of an individual Commissioner and that his remarks were stated because he did not believe in knocking anybody.

Mayor Scott remarked that he would not condone any further discussion of personalities.

Mayor Scott remarked, in reference to the Sunday closing ordinance, that the Council was not yet in possession of a draft of such an ordinance and when it was, the matter would be made public.

Mr. Robert E. Darben, 20 Maple Avenue, Montclair, inquired whether the Town Council had decided to auction Town owned lands, 54-86 Bessida Street.

Mayor Scott remarked that the Board of Education had expressed an interest in that property and the Council was awaiting further information from the Board of Education as to their needs in that area.

Mr. Adolph J. Gruchacz, 37 Essex Avenue, submitted a resolution, which resolution advocated memorializing those who died in the service in World War II and the Korean War.

The resolution was ordered placed on file.

Mr. Barry Crelin, 82 Gold Road, remarked that he had studied the tax records and found that the Town owned approximately 70 parcels of land, some of it was suitable for building and other parcels which would only benefit adjoining property owners.

Mr. Crelin advocated the sale of these Town owned parcels.

Mr. Crelin further remarked that the Third Ward is an area experiencing an increase in population and industrialization and that consideration should be given to the erection of a new Fire House in that area.

Mayor Scott remarked that the Town Council had under consideration the sale of several Town owned parcels and that this evening the Clerk would be authorized to advertise the public auction, on June 1, 1959, of several parcels of Town owned land.

Mayor Scott further remarked that a new Fire House in the Third Ward has been under consideration for some time.

Mr. Charles A. Wilhoft, 204 Montgomery Street, remarked that the Church of the Sacred Heart was planning a Parish Supper on May 30, 1959, and that it was anticipated there would be 2,000 people in attendance.

Mr. Wilhoft remarked that this was a typical situation in which too many people were being assembled in too small an area. He advocated that legislation be adopted and enforced which would prohibit the assembling of too many people in inadequate quarters.

Mr. Dilley inquired into the progress of the Economic Development Committee.

Mayor Scott remarked that the Committee was making great progress and a brochure was about to be published and that he could have a copy of minutes of that Committee if he so desired.

Mr. Dilley inquired as to the status of the Colgate-Palmolive Laboratory site.

Mayor Scott remarked that there was still a strong possibility that Colgate-Palmolive might build on its site. The Town Clerk read the following entitled ordinance in full on final reading:

AN ORDINANCE LIMITING PARKING IN AND ALONG FREMONT STREET, AUSTIN PLACE AND LIBERTY STREET IN THE TOWN OF BLOOMFIELD, CREATING A PARKING METER ZONE THEREIN AND AMENDING AND SUPPLEMENTING CHAPTER 26, SECTION 26, ARTICLE III OF THE REVISED ORDINANCES OF THE TOWN OF BLOOMFIELD.

Mayor Scott asked if there were any objections to the ordinance just read by the Clerk. There were no citizens present to object to the above ordinance.

Mr. Lintott moved the above ordinance just read by the Clerk be adopted on final reading, which motion was seconded by Mr. Steinmann. Roll call vote showed the following: Messrs. Lintott, (Mrs.) Jewkes, Steinmann, Russoman, Fisher, Soriano and Scott voting "aye".

Mr. Lintott moved the following resolution be adopted:

(Municipal Employees Hourly Workers)

which title was read by Mr. Steinmann.

Mr. Steinmann remarked that the ordinance provided a salary increase for the hourly workers and reduction in work week from the present forty-four hours to forty-two hours, with the exception of the watchman.

Mr. Lintott remarked that there were no provisions in this ordinance as to whom the salaries would be paid and when the ordinance would be effective; that the ordinance did not bear the approval of the Administrator, as provided for in the Administrative Code; that the ordinance provided for a 12% or 22¢ per hour increase; that the ordinance was a departure from the Town Council policy on wages to be paid in 1959; that the amount allocated in the budget provided for a maximum increase of 5½% or \$275.00; that the wage increase was not in line with recent labor settlements in private industry and that he advocated pay raises for hourly workers, which raises were in conformity with those given other municipal employees.

Mr. Fisher remarked that he concurred in the remarks of Mr. Lintott that the full impact of the raise would be in 1960; that there was not enough money appropriated and that if an emergency appropriation was necessary, he felt that a 5-2 vote was necessary.

Mr. Soriano remarked that, though the increase was in excess of that given other employees, part of the increase was

due to a reduction in hours and that the hourly workers should not be denied an hours reduction because it comes at the same time a salary increase is being made.

Mayor Scott remarked that he was voting "no" as he felt the hourly employees were entitled to a salary increase but not to the extent provided in the ordinance.

On motion of Mr. Steinmann, seconded by Mrs. Jewkes, the above ordinance was passed on first reading by the following vote: Mrs. Jewkes, Messrs. Steinmann, Russoman and Soriano voting "aye". Messrs. Lintott, Fisher and Scott voting "nay".

Mr. Fisher submitted the following ordinance on first reading entitled:

AN ORDINANCE ESTABLISHING BUILDING ZONES AND REGULATIONS, AND PROVIDING PENALTIES FOR THEIR VIOLATION.

(Zoning)

which title was read by Mr. Fisher

Mr. Lintott remarked that though the Zoning Ordinance was an excellent ordinance, it was not the type of ordinance that the Town needed in this stage of its development; that the ordinance will be difficult to interpret and would create great Administrative difficulties and this will cause a greater volume of work for the Department of Law and the Board of Adjustment (Zoning).

On motion of Mr. Fisher, seconded by Mr. Soriano, the above ordinance was passed on first reading by the following votes Messrs. Steinmann, Fisher, Soriano and Scott voting "aye". Mr. Lintott, Mrs. Jewkes and Mr. Russoman voting "nay".

Mr. Soriano remarked that notices of the hearing on the ordinance had been originally sent to all petitioners and that he and Mr. Steinmann had directed that copies be sent to all residents on Cleveland Terrace as well.

Mr. Soriano remarked that he was in favor of the ordinance and that Llewellyn Avenue and Cleveland Terrace were all one neighborhood; that he resides at 44 Cleveland Terrace; that on the balance of Cleveland Terrace there is no restriction, except that on all night parking, which is not enforced.

Mr. Soriano remarked that the new Zoning Ordinance would

prohibit over-night parking of commercial vehicles in residential zones and that car repairing and washing should be prohibited.

An unidentified citizen remarked that he was opposed to the ordinance; that there had been an accident with emergency equipment responding to a fire at his house; that the street was for parking by couples and that women were afraid to walk at night.

An unidentified citizen remarked that the couples in the cars were not residents of Llewellyn Avenue and that his children never were afraid to be out at night in the area.

An unidentified citizen remarked that the parked cars would not be parked as far South as 108 Cleveland Terrace and that all that was needed was parking for five or six cars.

Mr. Harris inquired as to what affect the ordinance would have on Mr. Soriano's property.

Mr. Soriano remarked that the ordinance would not affect his property and that he does not object to anyone parking on the West side of Cleveland Terrace opposite his home.

Mr. Steinmann remarked that the rights of people on Llewellyn Avenue to park were to be recognized and suggested that the Town Engineer explore the value of an asphalt apron in the area.

(Civic Center Parking Lot Improvement)

Mayor Scott asked if there were any objections to the ordinance just read by the Clerk.

Mr. Steinmann remarked that only a portion of the area should be set up as a metered parking lot at this time, in view of other parking accommodations in the area, and that he was voting "yes" with reservation.

AN ORDINANCE APPROPRIATING \$136,000 FOR SCHOOL PURPOSES AND AUTHORIZING THE ISSUANCE OF SCHOOL BONDS OF THE TOWN OF BLOOMFIELD, IN THE COUNTY OF ESSEX, NEW JERSEY, TO MEET SAID APPROPRIATION

(School Rehabilitation \$136,000.00)

which title was read by Mr. Fisher, and on motion of Mr. Fisher, seconded by Mrs. Jewkes, same was passed on first reading by the following vote: Messrs. Lintott, (Mrs.) Jewkes, Steinmann, Russoman, Fisher, Soriano and Scott voting mayem.

The Town Clerk read the following entitled ordinance in full on final reading:

AN ORDINANCE TO AMEND AND SUPPLEMENT AN ORDINANCE ENTITLED "AN ORDINANCE ADOPTING TITLES FOR EMPLOYEES, FIXING SALARY RANGES THEREFOR, FIXING THEIR DUTIES AND QUALIFICATIONS AND FIXING SALARIES ADOPTED JULY 21, 1941," AS HERETOFORE AMENDED AND SUPPLEMENTED.

(Municipal Employees Hourly Worker

Mayor Scott asked if there were any objections to the ordinance just read by the Clerk.

Mr. Lintott remarked that the ordinance did not bear the approval of the Town Administrator; that the Town Administrator, in a memorandum of June 1, 1959, had indicated his reasons for withholding his approval; that the Town Council had agreed previously that the municipal employees would be paid a cost of living bonus of 5 - 5½%, not to exceed \$275.00; that the cost of living bonus had been changed to a salary increase; that the salary ranges in the ordinance presently before the Town Council provide a \$.218 per hour or 12% wage increase and that for these reasons he was voting "no".

Mr. Fisher remarked that he concurs with Mr. Lintott's remarks.

Wr. Fisher waved that the ordinance be amended to reflect December 31, 1959 as termination of the effectiveness of the ordinance. The motion falled for lack of a second.

Mr. Steinmann remarked that he fayors a reduction in hours with the same take-home pay for the hourly workers and that the Town Council had reduced the hours of employees in the Police Department and Signal System, and that a memorardum of May 15, 1959 indicated that there was sufficient money appropriated to pay the pay raises.

Mr. Soriano remarked that it was coincidental that the Town Council was simultaneously considering a pay increase and a reduction in hours for hourly workers.

Messrs Lintott and Steinmann continued at length to discuss the ordinance.

Mr. Steinmann moved the above ordinance just read by the Clerk be adopted on final reading, which motion was seconded by Mrs. Jewkes. Roll call vote showed the following: Mrs. Jewkes, Messrs, Steinmann, Russoman and Soriano voting "aye". Messrs. Lintott, Fisher and Scott voting "nay".

The Town Clerk read the following entitled ordinance in full on final reading:

> AN ORDINANCE FOR THE CONSTRUCTION OF AU FIGHT INCH WATER MAIN IN POE AVENUE AND GLENFIELD ROAD IN THE TOWN OF BLOOMFIELD, NEW JERSEY

(Water Main Poe Avenue and Glenfield Road)

Mayor Scott asked if there were any objections to the ordinance just read by the Clerk. There were no citizens present to object to the above ordinance.

Mrs. Jewkes moved the above ordinance just read by the Clerk be adopted on final reading, which motion was seconded by

Mr. Lintott. Roll call vote showed the following: Messrs. Lintott, (Mrs.) Jewkes, Steinmann, Russoman, Fisher, Soriano and Scott voting Wayew.

The Town Clerk read the following entitled ordinance in full on final reading:

AN ORDINANCE ESTABLISHING BUILDING ZONES AND REGULATIONS, AND PROVIDING PENALTIES (Zoning) FOR THEIR VIOLATION.

Mayor Scott asked if there were any objections to the ordinance just read by the Clerk.

Mr. Frank Itkin, a Counsellor at Law, appeared on behalf of Mr. Enrico Core, owner of premises at 45 Franklin Street, in objection to the placing of his client's premises in Zones R-48 and R-4A.

Mr. Itkin spoke at length on the use of property in the area of the intersection of Franklin Street and Watsessing Avenue; the proposed Zoning of the area and his client's request that the property be placed in a Business Zone.

Mr. Itkin submitted three photographs of the area, which were ordered placed on file.

Mr. Leo C. Gorny, owner of premises at 399 Hoover Avenue, remarked the present Zoning of his property would be continued under the proposed Zoning Ordinance, namely, Medium Volume Residential, and that he was requesting that his property be included in an Industrial Zone.

Mr. Jacob Porciello, 182 Montgomery Street, submitted a letter dated June 4, 1958, previously submitted, regarding family owned property at 92 Montgomery Street and at 279 Bloomfield Avenue, which he read and which letter requested that both properties be placed in a Business Zone.

Mr. Leslie R. Hauser, 65 Morley Lane, remarked that the Zoning Committee of the Bloomfield Chamber of Commerce had reported today at a "governor's luncheon" of the Bloomfield Chamber of Commerce, at which luncheon a resolution was passed requesting that passage of the Zoning Ordinance be adjourned to a future date so that the Chamber of Commerce may further study the Ordinance.

Mayor Scott remarked that the Zoning Ordinance had been under study for several years and that the public has been informed of its provisions for over a year and public hearings had been held and adjustments made, and further opportunities had been made in recent months for the public to inform the Town Council of their opinions, and that it was rather late to bring forth a request for an adjournment, without showing cause, at the meeting at which the Ordinance was Scheduled for adoption.

Mr. Robert Klika, an attorney, appeared on behalf of his father, owner of premises at 1300 Broad Street, objecting to a provision of the Zoning Ordinance, Article VIII, Section 5, paragraph **g**.

Mr. Samuel Mendelsohn inquired as to the use of the remainder of a property which was zoned for the first 100 feet for Business and the remainder for Residential for off-street parking for the Business use.

Mr. Smith, of Community Planning Associates Inc., remarked that an individual would require a variance to use the remainder for parking for the Business use.

Mr. Harold Savage, an attorney, appeared on behalf of the estate of Jennie Davidson, owner of property on the corner of Watchung Avenue and Broad Street, remarked that rather than having the Business Zone follow lot lines, it extends, with regard to the property of his client, only 100 feet in depth.

Mr. Savage compared the Ligham Tract case of 1950, and advocated that the Davidson Tract be zoned entirely for Business use.

Mr. David Rappeport, an attorney, appeared on behalf of residents immediately adjacent to the Davidson Tract, and spoke at length in opposition to placing the entire Davidson Tract in a Business Zone.

Mr. George E. Davey, an attorney, appeared on behalf of D.L.& W. R.R., and remarked that he was present to ascertain whether the railroad property would retain its Industrial Zoning, and further remarked that he observed that it had retained that Zoning.

Mr. Smith, Community Planning Associates Inc., remarked, in answer to the question raised by Mr. Davey, that Article X, Section 1, paragraph "a", allowed in an Industrial Zone the uses allowed in Business Zone B-3 and Research Zone C-1, with the exception of the Residential uses allowed in those Zones, and that the difference between R-4A and R-4B can be found in the Schedule of General Regulations.

The Town Council recessed.

The Town Council reconvened.

Mr. Fisher remarked that the Planning Board undertook the revision of the Zoning Ordinance three years ago, that the Ordinance was the subject of a great amount of study and several public hearings.

Mr. Fisher further remarked that the Planning Board had received the unanimous approval of the Town Council to launch

their study; that the study cost approximately \$10,000.00 and that those Councilmen who cast a negative vote upon the ordinance should state their reasons.

Mr. Lintott remarked that he was voting "no" on the Ordinance and that, though there was unanimous approval for a study and revision of the Zoning Ordinance, and though the proposed Ordinance is a good Ordinance, it was his opinion that the Ordinance did not meet the needs of a community as developed as Bloomfield.

Mr. Lintott further remarked that the existing Ordinance with some revision would meet the present needs of the Town; that the existing Ordinance has elicited comparatively little litigation that the proposed Ordinance would elicit a large amount of litigation tich and would cause an increased burden on the Legal Department, the Building Department and the Zoning Board of Adjustment.

Mr. Lintott remarked that his negative vote on the Ordinance old not reflect any change in his attitude with regard to the Zoning of certain areas.

Mr. Soriano remarked that the approval of the Ordinance did not oreclose the rights of the citizens who requested adjustments in heir particular cases.

of population.

Mr. Russoman moved that the Ordinance be layed over for a month to study the objections raised.

The motion failed for lack of a second.

Mrs. Jewkes remarked that she had opposed the Ordinance from the beginning and had expressed herself in the several conferences held with regard to the Ordinance and she did not feel that it was necessary that she qualify her vote.

Mr. Steinmann remarked that the Town would be better with a 1959 Zoning Ordinance; certain valid objections were raised which could be more fully discussed later; that the Ordinance was a product of three years of work and that, though not perfect, had good provisions.

Mayor Scott remarked that the Ordinance was a proper product and a step forward; that no objections were raised as to the content of the Ordinance and that the objections raised were in the interest of improving individuals' property interests.

Mayor Scott commended the Community Planning Associates
Inc. and the Planning Board for their work in producing a new Zonin
Ordinance.

Mr. Fisher moved the above ordinance just read by the Clerk be adopted on final reading, which motion was seconded by Mr. Soriano. Roll call vote showed the following: Messrs. Steinmann, Fisher, Soriano and Scott voting "aye". Messrs. Lintott, (Mrs.) Jewkes and Russoman voting "nay".

which motion was seconded by Mr. Fisher. Roll call vote showed the following: Messrs. Lintott, (Mrs.) Jewkes, Steinmann, Russoman. Fisher, Soriano and Scott voting "aye".

Mr. Fisher moved the following resolution be adopted: BE IT RESOLVED by the Town Council of the Town of Bloomfield that Plenary Retail Consumption License No. C-10 of Fairview. Inc., 16-18 John Street, Bloomfield, N.J., be transferred to Emma Galasso, t/a Pauly's, 16-18 John Street, Bloomfield, N.J., and

BE IT FURTHER RESOLVED that the approval of this Council of such transfer be made by written endorsement thereof upon the face of the license in the form prescribed by law and become effective at 12:01 A.M. on July 1, 1959, which motion was seconded

by Mr. Soriano. Roll call vote showed the following: Messrs. Lintott, (Mrs.) Jewkes, Steinmann, Russoman, Fisher, Soriano and Scott voting "aye".

Mayor Scott remarked that the Town Council was in receipt of a written objection, dated June 8, 1959, from Mr. Robert Wiser, 103 Belleville Avenue, to a Place to Place Transfer of Plenary Retail Distribution License No. D-5 of Bertrip Liquors Inc., 16 Orange Street, to 61 Belleville Avenue, and that a hearing would now be held.

The written objection was ordered placed on file.

Mr. Soriano read the following resolution:

BE IT RESOLVED by the Town Council of the Town of Bloomfield that Plenary Retail Distribution License No. D-5 of Bertrip Liquors Inc. be transferred from 16 Grange Street, Bloomfield, New Jersey, to Bertrip Liquors Inc., t/a Forest Hill Liquors, 61 Belleville Avenue, Bloomfield, New Jersey, and

BE IT FURTHER RESOLVED that the approval of this Council of such transfer be made by written endorsement thereof upon the face of the license in the form prescribed by law and become effective at 12:01 A.M. on July 1, 1959.

Mr. Schwartz, an attorney, appeared on behalf of Alexander Kuda, owner of premises at 632 Belleville Avenue, which premises are known as the Salad Bowl,

Mr. Schwartz remarked that his client's premises were 75-80 feet away from the site of the proposed package store; that the Forest Hill Lodge was 300-400 feet away; that his client had purchased the Salad Bowl six months ago, which establishment has a Limited Retail Distribution License; that one-third of his client's gross income was derived from the sale of beer; that

Watsessing Center would be without a package store; that Forest Hill area would have three licensees; that the sale of beer was a stimulus to other sales; that the Council could exercise its discretion in the matter and that their paramount consideration was the public's interest; that the applicant was interested in several other liquor licenses; that his client was entitled to expect protection and that the transfer of the license will not serve the interests of the Town.

Mr. Charles Giesson, owner of premises known as The Forest Hill Lodge, 19 Belleville Avenue, remarked that he was opposed to the transfer.

Mr. Giesson remarked that he had located at his present address 7 to 8 years ago; that he was the first alcoholic beverage licensee in the area; that he was followed into the area by Mr. Kuda's predecessor, who had a Limited Retail Distribution License and that the public was accommodated in the area.

Mr. Schwartz submitted a petition containing the names of 47 people, which petition states: "We, the undersigned, residing at the address given, do respectfully object to a transfer of a package liquor store to premises 61 Belleville Avenue and earnestly protest the adoption of any resolution growing out of transfer on the grounds that the area is adequately provided for".

The petition was ordered placed on file.

Mayor Scott remarked that though the hour was late, anyone who wished to be heard this evening would be heard.

Mr. Frank Tripucka, 107 Ferncliff Road, remarked that he understood that the signatures on the petition were obtained "over the bar"; that the application was for the transfer from

an area with four licensees to one in which there are two; that the Salad Bowl's principal business was delicatessen and its beer business was a sideline and that the Forest Hill Lodge was about 500 feet away from the proposed site of the package store.

Mr. Schwartz remarked that the signatures were genuine; that he did not know how they were procured; that the petition was properly before the Town Council; that the Town of Bloomfield did not have a minimum requirement for distance between alcoholic beverage licenses, though most municipalities have, and that the Town Council should nevertheless take under consideration the distance between the two establishments.

Mr. Soriano moved the adoption of the resolution as read, which motion was seconded by Mr. Steinmann.

Mr. Lintott remarked that this application points up a deficiency in the ordinance by no provision for a minimum distance between alcoholic beverage establishments; that the matter is one of the Town Council's discretion; that the Salad Bowl owner had a right to believe that the number of licenses in the area would remain constant; that he did not believe that if the application was denied, any particular hardship would be visited upon the applicant, as he could apply for a transfer elsewhere; that he did not feel there would be any loss to Watsessing Center by the transfer of this license from there and that he would vote "no".

Mr. Fisher moved the resolution as read be layed over, which motion was seconded by Mr. Lintott. Roll call vote showed the following: Messrs. Lintott, Fisher and Scott voting "aye". Messrs. Steinmann, Russoman and Soriano voting "nay". Mrs. Jewkes not voting.

Mr. Steinmann remarked the area where the applicant is licensed might be labeled "bar alley", in that in the immediate area there are three Plenary Retail Consumption Licenses; that the transfer would in effect lighten the density of licenses and would benefit the community and that he could not see where any delay would elicit any more information.

Mr. Fisher remarked that the Town Council did not know whether the present licensed premises can be used.

Mr. Tripucka remarked that the applicant had entered into a contract to sell the building in which the licensee was located.

Mr. Lintott remarked that he agreed with Mr. Steinmann in that Watsessing Center was over saturated with alcoholic beverage licenses, but he does not agree that the transfer to the proposed new location will lessen the density of licenses.

Mr. Soriano remarked that he did not feel that there would be as much density in the proposed location as there is in the present location; that little consideration was given originally or subsequently to the location of Limited Retail Distribution Licenses with relation to other licenses; that the transfer will not affect greatly the delicatessen; that the situation in Watsessing Center wherein more and more residences are being absorbed by Industry, reducing the number of people to be served; that the Belleville Avenue location is in the midst of a residential area and that the applicant has a right to come into the area.

Mr. Russoman remarked that he believed that the proposed location of the licensee was close to that of existing licensees and that there were other areas to which the license might be moved.

Mr. Lintott inquired into the exact distance between the Salad Bowl and the proposed location.

Mr. Schwartz remarked that the distance was less than 100 feet or two small stores away.

Mr. Steinmann inquired as to whether the Salad Bowl and the proposed location had a common landlord and whether the lease prohibits another beer outlet.

Mr. Schwartz remarked that there was a common landlord and the lease was a "tight landlord lease".

Mr. Steinmann inquired as to how much in dollars and cents did the beer business amount to for the Salad Bowl.

Mr. Alexander Kuda remained that his total gross sales amounted to \$5,200.00, of which the sale of beer was about \$1,300.0

Mr. Tripucka remarked that a provision of his lesse does not allow him to sell delicatessen products.

Mr. Steinmann inquired as to whether the Forest Hill Lodg and the proposed location were leased from a common landlord.

Mr. Joseph Slifkin remarked that they did not have a common landlord; that there was no comparison between Watsessing Center and the Forest Hill area, as the former was a large shopping area and drew trade from nearby factories; that in the latter area there were additional licensees - the Evergreen Cocktail Bar, Swerdlow's Liquor Store and Fairview, Inc.; that a denial of the transfer was no hardship on the applicant and the applicant should be left where he is.

Mr. Steinmann remarked that there was little business in Watsessing Center and was less in comparison with the business in Forest Hill.

Mr. Slifkin remarked that a transfer would remove a package store from Watsessing Center and would set a precedent for the moving of licensees throughout the Town.

Roll call vote showed the following: Messrs. Steinmann and Soriano voting "aye". Messrs. Lintott, Russoman, Fisher and Scott voting "nay". Mrs. Jewkes not voting.

Mr. Lintott moved the following resolution be adopted:

BE IT RESOLVED by the Town Council of the Town of Bloomfield that Limited Retail Distribution License No. DL-6 of Morris
Cahn, t/a Carteret Delicatessen, 33 Carteret Street, Bloomfield,
N.J., be transferred to Ida Cahn, t/a Carteret Delicatessen, 33
Carteret Street, Bloomfield, N.J., and

of such transfer be made by written endorsement thereof upon the face of the license in the form prescribed by law and become effective at 12:01 A.M. on July 1, 1959, which motion was seconded by Mr. Steinmann. Roll call vote showed the following: Messrs. Lintott, (Mrs.) Jewkes, Steinmann, Russoman, Fisher, Soriano and Scott voting "aye".

Mrs. Jewkes moved the following resolution be adopted:

BE IT RESOLVED by the Town Council of the Town of Bloomfield, N.J., that the Town accept the offer of the Chamber of

The Town Clerk submitted the following letter, dated June 24, 1959, from Mayor Donald H. Scott:

Mr. H. Joseph North Town Clerk Bloomfield, New Jersey

Dear Mr. North:

An ordinance entitled "An Ordinance to Amend and Supplement an Ordinance entitled "An Ordinance Adopting Titles for Employees, Fixing Salary Ranges Therefor, Fixing Their Duties and Qualifications and Fixing Salaries Adopted July 21, 1941," as Heretofore Amended and Supplemented" as passed by the Town Council by a 4 to 3 vote at its regular meeting held June 15, 1959 is hereby returned without my signature of approval.

I feel that I cannot approve this ordinance because the salary increments are in excess of those granted to other employees of the Town.

However, I am in favor of a reduced work-week for the Public Works Department employees and, since the proponents of this ordinance contemplate that there will be no regularly scheduled Saturday work for this group of employees, I am allowing the ordinance to become effective without my signature on the basis that 40 hours per week will be the scheduled work week in accordance with Chapter 7, Section 10 of the Revised Ordinances of Bloomfield, New Jersey - 1950.

Very truly yours, /s/ Donald H. Scott Mayor Mr. Nathan Cholodenko, an attorney, appeared and remarked that he represented the Firemen's Mutual Benevolent Association, Bloomfield Local #19.

Mr. Cholodenko spoke at length in favor of the promotion of Fireman Russell Caridad to Lieutenant in the Fire Department and read and submitted a petition signed by 69 members of the Bloomfield Fire Department, which petition states:

"We, the undersigned, members of the Bloomfield Fire Department, do hereby individually and jointly urge and recommend to the Town Council of Bloomfield the appointment of Fireman Russell Caridad to the present vacancy to Lieutenant.

We take this action because of our personal knowledge of his unblemished record as a Fireman of the Town of Bloomfield for over ten years, his leadership of the Bloomfield Firemen's Mutual Benevolent Association for the past five years having been unanimously re-elected on four separate occasions, his qualities of leadership as demonstrated in the service of the United States Government for four years and for two years volunteer in the Submarine Service, his residency in this community as an outstanding citizen, and his many achievements for this community and in its service.

Patrolman Joseph Testa appeared and remarked that he represented the Patrolmen's Benevolent Association, Bloomfield Local.

We, the undersigned, members of the Police Department of the Town of Bloomfield, do hereby individually and jointly urge and recommend to the Town Council of Bloomfield the appointment of Fireman Russell Caridad to the present vacancy of Lieutenant.

We take this action because of our knowledge and acquaintanceship with him by reason of our associations over these past ten years and the demonstration to us of his sterling qualities as a leader in the many cooperative functions held jointly between the Firemen and the Policemen of the Town of Bloomfield.

Fireman Francis E. Pross remarked that he was VicePresident of Bloomfield Local #19 of the Firemen's Mutual Benevolent Association and that he advocated the promotion of Fireman
Russell C. Caridad to Lieutenant in the Fire Department.

Mr. Barry W. Crelin, 82 Golf Road, remarked that he advocated the promotion of Fireman Russell C. Caridad to Lieutenant in the Fire Department.

Mr. Manson Boone, 48 Dewey Street, remarked that he was unable to erect a two car garage on his premises under the provisions of the new Zoning Ordinance.

Mayor Scott remarked that he could apply for relief to the Zoning Board of Adjustment.

Mr. Crelin further remarked that he felt there was a conflict of interests for an individual who was at the same time President of the Board of Education and Town Attorney.

Mayor Scott remarked that both positions were part-time; that there was no compensation paid to members of the Board of Education; and that if the Town Council was of the opinion that a conflict of interest might arise, they would avoid such a situation.

Mayor Scott asked if there were any objections to the ordinance just read by the Clerk.

Mr. William M. Crampton, Jr., 360 Broughton Avenue, inquired as to the quality and durability of the pavement that would be laid in connection with improvement ordinances.

Mayor Scott remarked that all roads laid by the Town of Bloomfield are of the highest quality and are very durable.

The Town Engineer remarked that once a permanent pavement had been laid, the maintenance of the road became the responsibility of the municipality and, therefore, it was in the best interest of the municipality to lay a better grade pavement to save maintenance costs.

Mayor Scott further remarked that the cost of the maintenance of the pavement after the permanent pavement had been laid would not be assessed as a local improvement.

Mr. Samuel T. Allen, 133 Bessida Street, remarked that he represented the North Bloomfield Civic Association and on their behalf he wished to express their appreciation to the Town Officials who have given them such prompt action on their request for street improvements.

Mr. Frank Coolick, 46 Rowe Street, inquired as to whether the drainage of Rowe Street had been taken into account in planning the improvement.

The Town Engineer remarked that he was not changing the contour or drainage pattern in the area and that he would prefer to extend the storm sewer but that he isn't on account of the added cost to the property owners in the area.

The Town Engineer remarked that the header curb would be erected as indicated previously at no additional cost above the cost of the improvement as indicated in the ordinance.

Mrs. Hendrick, 92 Hobson Street, remarked that she was proud that the Town had taken an interest in the area and was authorizing the improvements.

Mayor Scott remarked that the Town had been waiting for those interested in the improvement to obtain sufficient signatures that would indicate a willingness on the part of the property owners to assume the cost and that as soon as that had been done, the improvements were ordained.

Mr. Fisher remarked that the ordinance had been reviewed and approved by the Planning Board at a Special Meeting held September 1, 1959.

Mr. Fisher moved the above ordinance just read by the Clerk be adopted on final reading, which motion was seconded by Mrs. Jewkes. Roll call vote showed the following: Messrs. Lintott, (Mrs.) Jewkes, Steinmann, Russoman, Fisher, Soriano and Scott voting "aye".

Mr. Steinmann remarked that he was voting "no" with particular reference to Section 36, paragraph "a", which calls for a five cent for thirty minute parking meter rate, because it is unnecessary and unneeded at this time, and because of the anticipated passage this evening of a parking violations officer ordinance, he would want to await the Town's experience with stronger enforcement before ordaining higher meter rates.
